

MONTEVERDI APPRENTICES PROGRAMME

2019/20

Now accepting applications from string players

INTRODUCTION

We are delighted to announce that we are now accepting applications from string players for the 2019/20 Monteverdi Apprentices Programme.

The Monteverdi Apprentices Programme was set up in 2007 - the first of its kind in the UK - its aim being to nurture exceptional musical talent and an aptitude for ensemble performance. The Programme's aim is to round out young musicians' education following undergraduate or postgraduate study and to help equip them for future challenges by giving them the opportunity to work alongside some of the best and most experienced musicians in the business.

For the 2019-20 season, string Apprentices will be fully integrated into the Orchestre Révolutionnaire et Romantique (ORR), joining them for concert projects in London and on tour in Europe and taking part in multiple workshops and masterclasses led by experts in their field. While a major focus of the year will be the complete Beethoven Symphony Cycle, there will be opportunities to explore a wider range of Romantic, Classical and Baroque repertoire during the year.

There could be no better first step towards a professional career.

WHAT THE APPRENTICES PROGRAMME OFFERS

For the successful applicants the benefits are manifold:

- **Training in all aspects of being a professional musician.** Intensive workshops allow Apprentices to receive personal and group tuition from Sir John Eliot Gardiner and established musicians who act as mentors. Training will cover historically-inspired performance practice; music interpretation; contextual insights on composers and their music; yoga sessions to improve suppleness and breathing.

"[The Apprentices Programme] opened my eyes to the fact that this place where making music is so liberating exists. In the Monteverdi ensembles there is always a search for naturalness and authenticity." Monika Grimm, 2016-17 Apprentice (now regular performer with the ORR and EBS)

- **Mentoring to the very highest level of instrumental playing.** Each Apprentice will be matched to an experienced member of the same section and receives artistic advice and practical support from their mentor not just during projects, but throughout the 2019-20 season.

"Being told that a specific action or technique will lead to the result required is immensely helpful. It feels as though more time is invested in each piece of repertoire in Monteverdi sessions and that musical effort is channelled effectively." Emma Lewis, 2014-15 Apprentice (now regular singer with the Monteverdi Choir)

- **Opportunities to participate in pre-rehearsal sessions.** Apprentices will take part in separate preliminary rehearsals to help them become familiar with the repertoire and the specific musical techniques the repertoire requires, before joining our ensembles in rehearsal.

"It was a luxury having the time to cover finer interpretational points and technical challenges alongside the other Apprentices on such an intimate level." Davina Clarke, 2014-15 Apprentice (now regular performer with the ORR and EBS)

- **The experience of working, touring and performing a wide variety of repertoire.** It is vital to young musicians to gain early experience of the rigours of international touring, and our feedback from past participants tells us how much this is valued. Apprentices will perform alongside the Monteverdi ensembles in paid professional engagements in London and on tour in Europe.

"Learning about the demands and expectations of working in the music industry from people who live and breathe it gave a great insight into possible career options." Angharad Rowlands, 2014-15 Apprentice (now regular singer with the MVC)

- **A platform upon which to launch a performing career.** Apprentices learn first-hand about the exacting demands and working practices of an internationally-renowned ensemble. Periods of workshops elsewhere in the Apprentices Programme also culminate in showcase performances to industry professionals, family and supporters to prepare Apprentices for marketing themselves in their burgeoning careers.

"The Apprentices Programme has dictated the direction of my career. When I applied, I was working part-time in a field unrelated to music. It is because I was fortunate enough to be on this scheme that I am now working full-time as a singer. I imagine that the Apprenticeship has had, and will continue to have, a hand in everything I do for the foreseeable future." Rory Carver, 2014-15 Apprentice (now regular singer with the MVC)

Please note that there is no upper or lower age limit for the Apprentices Programme, but applicants are asked to be mindful of the fact that the Programme is aimed at musicians who have recently completed their studies who are intending to embark (or who have recently embarked) on a professional career.

Prospective applicants will likely be familiar with the work of our ensembles, but if you require further information please visit our website (www.monteverdi.co.uk) or contact tom@monteverdi.org.uk.

PROJECTS

We aim to appoint up to eight string (violin, viola, cello and double bass) Apprentices for the 2019-20 season, who will be invited to take part in several projects with the Orchestre Révolutionnaire et Romantique (ORR). Apprentices will be asked to perform concerts in the United Kingdom and on tour in Europe and to attend all associated rehearsals, as well as dedicated workshops and coaching sessions tailored to their musical aims and ambitions. Exactly which projects Apprentices participate in will be decided after the auditions and as the year progresses, but successful applicants should be prepared to be called for the following periods:

At the end of the year Apprentices will be asked to write a brief report on their experience and they will be considered for further professional engagements by the Monteverdi Choir.

Apprentices will be paid a half-fee for each concert project in which they participate (including associated rehearsals), as well as any additional broadcast, recording, streaming fees, etc. as appropriate.
